Candela Labs Pvt. Ltd. (“DevBytes”, “We”, “Our”, “Us”) is committed to the protection of user (“You”,“Your”,“User”) provided information which personally identifies You (“Personal Information”) to DevBytes. You agree that Your use of DevBytes’ mobile application (“App”) implies Your consent to collecting, receiving, possessing, storing, dealing or handling of Your Personal Information in accordance with the terms of this Privacy Policy (“Privacy Policy”).

This Privacy Policy applies to all Users who access the App and are therefore required to read and understand the Privacy Policy before submitting any Personal Information.

We take the privacy of our Users seriously. We are committed to safeguarding the privacy of Our Users while providing a personalized and valuable service.

Access to the contents available through the App is conditional upon your approval of this Privacy Policy which is in addition to the terms and conditions of use (“Terms”). Any term used but not defined in this Privacy Policy will have the same meaning as provided in the terms. You acknowledge that this Privacy Policy, together with our Terms, forms Our agreement with You in relation to Your use of the App.

Information collected

Traffic Data Collected

In order to provide the App, We automatically track and collect the following categories of information when You use the App:

(i) IP addresses

(ii) Domain servers; and

(iii) Other information with respect to Your device, interaction of Your device with the App and applications (collectively "Traffic Data")

Personal Information Collected

In order to provide the App, We may require You to provide Us with Personal Information. Personal Information includes the following categories of information:

(i) Contact data (such as Your email address, phone number and any details of Your contacts)

(ii) Device data; and

(iii) Demographic data (such as Your time zone, Your postal address and location details).

If You communicate with Us, by, for example, email or letter, any information provided in such communication may be collected and stored by DevBytes.

Our App may transmit your Personal Information to our internal servers which may be situated outside India. This Personal Information is deleted from our servers 180 days after You delete the App or cancel/terminate your user account on the App, except to the extent storage of such data, including Your Personal Information, is necessary for Our purposes and/ or required under applicable laws.

At DevBytes: Tech and AI News, Code Bot, and TL;DR, we prioritize user privacy and ensure we gather only the bare minimum data necessary for the seamless operation of our services. Importantly, our TL;DR functionality doesn't involve collection of any personal data.

Here's an outline of how we use data:

(i) Limited Data Accumulation: To ensure the smooth functioning of the TL;DR feature, it's necessary to relay some details to our servers.

(ii) URL Request Submission: Whenever you access a page, we submit a request which includes the URL of the page you're on. This is purely to determine if the URL is pertinent (i.e., relating to tech or dev articles).

(iii) URL Verification: If the URL is deemed irrelevant, no further steps are taken. The process ends right here.

(iv) TL;DR Activation: If the URL is found to be relevant, the TL;DR feature is triggered.

At DevBytes: Tech and AI News, Code Bot, and TL;DR, we are dedicated to being transparent and ensuring your privacy. Recognizing that trust from users is paramount, we strictly follow privacy practices that involve gathering only essential data. This approach lets us enrich your coding experience while simultaneously respecting your privacy. If you have any queries or worries about how we use data or about privacy matters, please don't hesitate to get in touch with us.

Our App may contain links to third party websites or applications. The inclusion or exclusion of the link does not imply any endorsement by DevBytes of the website, the websites provider, or the information on the website. You agree and understand that privacy policies of these websites are not under Our control. DevBytes does not make any representations concerning the privacy practices or policies of such third parties or terms of use of such websites, nor does DevBytes guarantee the accuracy, integrity, or quality of information, data, text, software, sound, photographs, graphics, videos, messages or other materials available on such websites. You understand that once You leave Our servers, use of any information You provide shall be governed by the privacy policy of the operator of the site used by you. Hence, DevBytes encourages the user to read the privacy policies of each such website and the User understands that it is solely such third party who is responsible to the User in this regard.

Usage of personal information

The information collected from You is used to ensure services with respect to the App are presented to You in the most effective manner, to carry out Our obligations to You, and to communicate with You. The said communication can either be by calls, text or emails and for purposes which include transactional, service, or promotional calls or messages.

In general, We use Our best efforts to use information in aggregate form (so that no individual user is identified). However, We may use Your Personal Information for the following purposes:
(i) To build up marketing profiles;

(ii) To aid strategic development, data collection and business analytics;
(iii) To manage our relationship with advertisers and partners;
(iv) To enable us to provide the App through the use of appropriate technological services;
(v) To audit usage of the App; and
