PRIVACY NOTE

PRIVACY POLICY

We respect and value your privacy here at GunjanApps Studios and Solutions LLP(“GunjanApps Studios", "we", or "us”). Ijjus World, ElePant Games and PuzzlEasy games are a sub brand and part of GunjanApps Studios.

Our Privacy Policy describes the information collected by our company GunjanApps Studios, and our partners, through our mobile applications and the use of the information.

If you have any questions about our privacy policy, please contact us at - support@gunjanappstudios.com.

Compliance with COPPA & GDPR

We follow the **Children’s Online Privacy Protection Act (COPPA)** in the U.S., which requires us to inform parents or legal guardians about how we collect, use, and share personal data from children under **13 years old**. Before allowing children under 13 to access certain features, we obtain parental consent.

Similarly, the **General Data Protection Regulation (GDPR)** in some European Union countries requires us to inform parents about data collection for children under **16 years old** and obtain their consent before granting access to certain features.

Parental Consent

If we need to collect personal data from a child under 13 (U.S.) or under 16 (EU), we will first seek **verifiable parental consent**. Parents can read what data is collected from our "Personal Data Collected through our apps section" along with how the data will be used and how to withdraw consent.

Stopping the Collection or Use of a Child’s Personal Information:

Parents can withdraw their consent at any time to stop the collection or processing of their child’s data. To do so, email support@gunjanappstudios.com with your request. Upon receiving a valid request, we will disable data collection for the child and delete existing data where applicable.

Teacher Consent for Schools

For school-based activities, COPPA allows teachers/caregivers and school administrators to give consent on behalf of parents when collecting personal information from children. However, schools should always inform parents when doing so.

Sharing Information

We will not share a child's personal information with other individuals or companies except in limited situations. When other companies perform services for us, like customer support, email services, delivery services, call centers, data management services, help desk providers, law firms, payment processors, accountants and shopping cart providers; however, these companies are prohibited from using a child's personal information for purposes other than those requested by us or required by law

The list of third parties that have access to the personal data collected by us is available in our Privacy Policy.

For school-based activities, COPPA allows teachers/caregivers and school administrators to give consent on behalf of parents when collecting personal information from children. However, schools should always inform parents when doing so.

Right to Know About Data Sharing:

We may share limited personal data with third-party service providers for essential functions like customer support, analytics, and advertising. However, we do not sell user's personal data. Users have the right to request a full list of third parties who have access to their personal data by contacting us at support@gunjanappstudios.com.

Advertising Practices

Our apps designed for children do not serve personalized advertisements or ineterst-based Ads. We collaborate with trusted ad partners (such as [AdMob, Unity Ads, etc.]) that offer contextual ads only, that support COPPA, GDPR-K, and Apple's Kids Category policies. All advertisements displayed in our IOS kids category apps are subject to manual review to ensure they are appropriate for young audiences, free from objectionable or sensitive content, and compliant with COPPA and Apple's Kids Category guidelines. We regularly review our ad practices to maintain full compliance with Apple's Kids Category policies, as well as regional privacy regulations.

We do not allow interest-based advertising or any form of behavioral tracking in our kids' apps. Our commitment is to provide a safe and suitable environment for children to learn and play.

Parental and User Rights

We take necessary steps to keep your personal data accurate and up to date.As a parent or legal guardian, you have the following rights regarding your child's use of GunjanApps Studios' apps and services:

- Users or Parents have the right to - Know what personal data we collect and store about you.
- Users or Parents have the right to - Review the personal information we have collected from you or your child.
- Users or Parents have the right to - Request changes or deletion of your child's personal information.
- Users or Parents have the right to - Allow us to collect and use your child's information but restrict sharing with third parties unless necessary for our services.
- Users or parents have the right to - Withdraw your consent for collecting or using your child's personal information.
- Users or parents have the right to - Opt out of having your personal data used for direct marketing or share or sell with third parties.

Opting Out of Data Sharing or Selling

Users have the right to opt-out of the sharing or sale of their personal data where applicable under laws like CCPA and GDPR. If you wish to opt-out, please email us at support@gunjanappstudios.com with your request. Parents/Guardians can exercise their rights shown directly above by contacting us using the contact information at the top of this page.

How to Request Deletion of Your Child's Personal Information

Parents or legal guardians can request the deletion of their child's personal information by contacting us at support@gunjanappstudios.com with their request. We will process deletion requests within 45 days unless retention is required for legal compliance.

Face Data Usage

Our app may use Apple's TrueDepth API to apply real-time effects. This data is processed solely on the device and is never stored, shared or transmitted to any third party. If a user chooses to take a photo, the image is saved locally on the device and is not uploaded or shared externally

Personal Data Collected Through the Apps

When you or your children use our apps, we might collect certain personal information, including your email address, name, and age. This user/children's data is used for the following purposes:

- To verify your age;
- To save and track your game progress;
- To create and manage your user account;
- To enable gameplay across multiple devices;
- To send promotional emails (if you have given consent); and
- To respond to any support inquiries you may send.

We retain this information until you stop using the apps, such as by uninstalling them.

While some of this information (e.g., device ID) may be considered personal under certain laws, it does not directly identify you as an individual, and we do not use it for that purpose. When you make in-app purchases in our Games, we do not collect or have any access to your name and billing information. This information is collected and stored by your platform (Android's Google Play or IOS App Store) or your platform's payment processor.

The types of technical data (you or your children) we might collect include:

- Timestamps of when you install or first open the app;
- Data on how you interact with the app;
- Your device ID;
- URLs you visited before or after using the app;
- Information shared by advertising platforms like Unity, Inmobi, and Google Ads;
- Ads you view or click on; and
- General online behavior patterns.

This technical data helps us understand how users interact with our apps, determine how they discover and uninstall them, and analyze user behavior trends. We might keep this data only as long as necessary for these purposes, up to a maximum of one year.

Children's Personal Information and Publicity

Our apps do not allow children to share, post, or publicize their personal information within the app. No chat rooms, public profiles, or direct communication features exist that enable children to share their information publicly.

Analytics Data and Information Collected

When you or your children use our apps and services, certain information may be collected automatically. This helps us improve our apps and make them more engaging for kids and other users. We also use this data for internal purposes, such as enhancing our services. We might use Firebase (https://firebase.google.com), a third-party analytics service provided by Google. Firebase automatically collects the following technical and non-personal data:

- IP address;
- Number of sessions;
- Session duration;
- Retention metrics;
- Events triggered during app usage;
- Install source; and
- IDFA (Identifier for Advertisers).

How we use collected information:

- Analyze how users interact with the apps;
- Optimize performance and improve user experience;
- Detect and prevent fraud or misuse of the apps;
- Maintain app security; and
- Deliver relevant advertisements.

We might retain this data for as long as necessary to fulfill these purposes, but no longer than one year. The legal basis for processing this data is our legitimate business interest (to improve, protect, and grow our apps) and your consent where applicable.

Registration and Authentication

When users register or authenticate, they enable us to verify their identity and grant access to specific services. In doing so, we may access certain data stored by third-party services for authentication purposes.

We use Firebase Authentication, a service provided by Google LLC ("Google"), to manage user registration and authentication. For details on how Google processes personal data, please review their Privacy Policy. Firebase is restricted from sharing personal data with any third-party service providers. Personal Data Collected is Email address

Refusal to Provide your Personal Data

If you choose not to provide the requested personal data, we may be unable to offer you access to all our products and services.

Your Rights Under the GDPR, VCDPA and CCPA

If you reside in the European Union or California, you may have specific rights under the General Data Protection Regulation (GDPR) and the California Consumer Privacy Act (CCPA). To exercise these rights, please contact us using the information provided at the beginning of this Privacy Policy.

Subject to legal exceptions, your rights include:

- Right of Access – Request a copy of your personal data and information on its processing.
- Right to Rectification – Correct inaccurate personal data we hold about you.
- Right to Erasure ("Right to be Forgotten") – Request deletion of your personal data from our systems.
- Right to Restriction – Ask us to limit processing of your personal data.
- Right to Data Portability – Receive your personal data in a structured, commonly used format and transfer it to another provider.
- Right to Object – Request that we stop processing your personal data.
- Right to Withdraw Consent – Withdraw consent for data processing where applicable.
- Right to File a Complaint – Lodge a complaint regarding our handling of your data.
- Right to know whether your personal data is shared with third parties.

Exercising Your Rights

To submit a request, contact us using the details provided in this Privacy Policy and include sufficient information for verification. We will respond within a reasonable timeframe, no later than 30 days. Exercising your rights will not result in discrimination, such as reduced service quality.

Complaints

If you are dissatisfied with how we handle your data, please contact our Data Protection Officer first so we can address your concerns. If you are not satisfied with our response, you have the right to file a complaint with your local data protection authority.

Data Retention and Deletion

If you wish to delete your account details, please contact us. We retain personal data only as long as necessary for its intended purposes or other legal and business reasons. Data may be stored electronically or in paper form. When no longer needed, we securely delete or destroy it. Specific retention periods are outlined in the "Personal data collected through our apps" section of this Privacy Policy.

Non-personal data may be retained for longer periods for research, service improvement, compliance, and legal purposes.

TERMS OF USE

How we use this information collected in our Games (Terms of Use)

We collect this information to improve performance and reliability of our Games and to get a better understanding of what users in general prefer. We do not link any of this Information in any way to individuals or any other information we might obtain. We do not share, sell or in any other way give other persons or companies. We don't rent or sell your email address.

Our mobile applications comply with the Children's Online Privacy Protection Act ("COPPA"). In the event that a user identifies himself/herself as a child under the age of 13 through a support request or feedback, we will not collect, store or use and will delete in a secure manner any personal information of such a user.

We take care of filtering categories of sensitive and unsuitable ads for children. But rarely can an advertiser misclassify your ads, and this situation is beyond our reach.

Changes to this privacy policy

GunjanApps Studios has the discretion to update this privacy policy at any time. When we do, we will revise the updated date at the bottom of this page. We encourage Users to frequently check this page for any changes to stay informed about how we are helping to protect the personal information we collect. You acknowledge and agree that it is your responsibility to review this privacy policy periodically and become aware of modifications.
